Fabrizio Valcanover & Norma Sartori

Norma Sartori

G.P. from 1996. She has been in charge of training since 2000 (teaching and tutorship) in the health and social fields (experience Valle Aperta www.associazionevalleaperta.it). Since 2004 she has been teaching with the simulated patient methodology with training and interventions also in the international field. She dealt with interactive teaching methodologies (instead of classic frontal lessons)

She is an active member of numerous scientific and cultural societies in the field of medicine and simulations. SIMMED www.simmed.it , SIPEM <https://www.pedagogiamedica.it/> ASPE <https://www.aspeducators.org/> , ASPIH <http://www.aspihconference.co.uk/>

She is co-editor of **www.clipslab.org**, where there is an extended curriculum and the detail of training **and teaching activities with particular attention to the methodology of the Simulated Patient**

Fabrizio Valcanover

G.P from 1980 to 2018. Since 2018 he has been practicing as a psychiatrist and psychotherapist. Since 1990 he has been involved in teaching and training, especially in the health field. He was director of the school of specific training in general medicine in Trento from 2000 to 2009. Since 2004 he has been teaching with the simulated patient methodology. He dealt with interactive teaching methodologies (instead of classic frontal lessons)

He is an active member of numerous scientific and cultural societies in the field of medicine and simulations. SIMMED www.simmed.it , SIPEM <https://www.pedagogiamedica.it/> ASPE <https://www.aspeducators.org/> , ASPIH <http://www.aspihconference.co.uk/> .

He is the editor **of www.clipslab.org**, where there is an extended curriculum and **the detail of educational activities with particular attention to the methodology of the Simulated.**
